WM. J. FRASER, Manager

A SPLENDID CONSIGNMENT

It affords great pleasure in being able to say something for this excellent offering, and which is the first public sale consignment from the Braywood collection. It is only by a vast expenditure of time, energy and money that such a collection can be gotten together, and men who are accustomed to doing things in a big way will realize that Mr. Bray and his manager, Wm. Fraser, have been particularly busy as well as very fortunate in the building up of this herd to its present splendid proportions. Money was not spared in buying the foundation material of this herd, the leading nurseries of the two continents were searched for their best specimens, and now that the structure of a great herd has been erected, the public, I am sure, will welcome the opportunity that its initial auction will afford in the selection of seed stock whose recommendation is that combination of individual merit with a backing of rich ancestry, and which is strikingly illustrated all through the offering.

This is the first time that the blood of Albert Conqueror has been offered to the American public, and this announcement will be received with approval by every prospective buyer, for he is one of the greatest bulls that has come to our shores in many years. Albert Conqueror was the Dublin champion last season, an honor he easily grasped, and the only show in which he was ever entered. This magnificent bull possesses all the elements of a great show bull—a head that is indicative of real character, a back that is as straight as a yardstick, wide at crops and loin, great setting at tail head, full quarters, perfect lines top and bottom, and with that ruggedness of form and constitutional vigor that give him the appearance of being a real bull. Any herd with such a bull at its head is fortunate, and any herd will go to the front when such a bull will be given opportunity to display his talents as a sire. Those who will buy females bred to Albert Conqueror will make selections that will be worth much in their future breeding operations. It is a consignment that the man wanting good females bred to a notable bull cannot afford to overlook.

Francis T. Martin,
With the Breeders' Gazette.

This being the first sale made at BRAYWOOD FARMS, you will have the opportunity of looking over one of Iowa's greatest breeding establishments. In the cattle that will be offered, you will find both breeding and individuality of the very best. They will carry the service of three as great bulls as you will find in the United States today. Imp. Albert Conqueror, the first choice of the Hartnett importation this year, is a bull that would please the most critical judges of Shorthorns. Dale Cumberland has sired too many prize winners and is too well and favorably known to require any comment. Imperial is one of the best two-year-old prospects I have seen this year.

The females that are mated to these bulls are the low, short-legged, wide-backed, thick-fleshed kind that are always in great demand. It should be remembered that BRAYWOOD FARMS bought the entire Hartnett importation of females, and they are all exceptionally good cattle and of very popular breeding, mostly Cruickshank foundation. A number of them are included in this sale. These cattle should appeal to the most particular critic, and I can recommend them to anyone wanting the best there is in Shorthorns.

E. W. Davis,
With the Shorthorn World.

IMP. ALBERT CONQUEROR.

Irish Land Commission, Dublin, 13 January, 1920.

Dear Mr. Marshall:

I am very much interested to hear that Mr. Hartnett has shipped "Albert Conqueror." I look upon him as a very fine bull indeed and he got some beautiful stock for me while in my possession, with beautifully straight backs, great quality and quite the right sort. He was a very certain getter, perfectly healthy as far as I know and altogether a great bull apart from his breeding. That, as you know, cannot be beaten in the Herd Book, as he is descended on both sides from the very best line of Cruickshank cattle that ever existed. His sire, Bapton Citadel, has proven a great breeder and was out of the best Clipper cow ever owned by Mr. Deane Willis. His dam is the most lovely Crocus cow that you could see anywhere, deep and short legged, and of the most perfect formation, got by a beautiful Princess Royal bull, Albert Royal by Bapton Favorite, and with the very best bulls and cows all through her pedigree. You can certainly recommend him as a stock bull for any herd, as I believe he is one of the best bulls that has been shipped out of this country for a long time. With kind regards and hoping to see you over at our Dublin sale in March next, believe me,

Fred Wrench.
